Christine Wilson, Coordinator Graduate Student Resource Ctr.

Mick Deluca, Director, Dept. of Cultural and Recreational Affairs
Rudy Figueroa, Asst. Director, Facility and Event Ops.
Dion Veloz, SAC Manager
Mary Coleman, Exec./Admin. Specialist

This year, the Student Activities Center Board of Governors met three times per quarter and dealt with a number of issues concerning the building. We gave input to Recreation on the search for a new facilities manager for the building. We worked with Chad Brown from Student Affairs on the front entry graphics project, encouraged building tenants to contribute photographs and twice approved designs for the project. We voted on a proposal from the Undergraduate Student Association Council to make space in the building available as storage space for student groups. A subcommittee of the Board met to create a new policy for room reservations, but this will need to be clarified next year. The Board asked Recreation to look into wireless internet access for public areas in the building, which will be installed over the summer at minimal cost.

For next year, I suggest that the Chair work on drafting a revised room reservation policy in the next Board Charter and consider how current disparities in space allocation to tenants might be addressed. The Charter, which has not been revised since its' original drafting, requires substantial updating to reflect the realities of building use. I also encourage next year's Chair to consider how Board members are appointed and whether they best represent the interests of all students on this campus.
